Dear Mr Gallagher

Access to information request under EIR 2004

Under the Environmental Information Regulations 2004, we request the following documents relating to Sakhalin 2, for which support has been requested from ECGD:

1. All records generated by ECGD containing project site monitoring information for the Sakhalin 2 project.
2. All records submitted to ECGD by the lenders' independent environmental consultants containing information related to project environmental and social impacts. This includes, but is not limited to records generated by AEA Technology and its subcontractors. However, we would like to exclude from this request all reports that are already publicly available on the website of the European Bank for Reconstruction and Development, at <http://www.ebrd.com/country/sector/natural/projects/sakhalin/river/index.htm> (e.g., University of Birmingham specialist reports).
3. All records containing information indicating the project's non-compliance with ECGD's environmental procedures and guidelines.
4. Notifications of Environmental Incidents and HSE or Social Harm and related information provided to ECGD.

Our preferred format for receiving this information is via email [address supplied]. We would be grateful if you could acknowledge receipt.

Hard copies of correspondence (if any) could be sent to: Nicholas Hildyard, The Corner House, Station Road, Sturminster Newton, Dorset DT10 1YJ.

We look forward to receiving the information requested "as soon as possible" and in any event within 20 working days of today. If any of the provisions of this request are unclear, please do not hesitate to contact me on 01258 473795 and I will seek to clarify and assist.

Yours sincerely

Nicholas Hildyard
